Integrated 4 foot LED fixture 4GCL-EVR-MLSN4-44MW

Design

- Wattage selectable 28W/36W/44W
- CCT selectable 3.5K/4K/5K color
- 0-10 Dimming
- 120° Beam Angle
- 120-277V
- Metal housing uses 22 guage steel with high reflective baked white enamel paint.
- Emergency lighting option
- Motion sensor option

Applications

Our fully selectable 4 foot integrated LED fixture is used in a wide variety of applications including: aisle lighting, indoor parking lots, task lighting for interior warehouse, retail and general illumination. The fixture is constructed of a durable commercial quality with a frosted acrylic lens cover and provides a high lumen output with energy efficient savings.

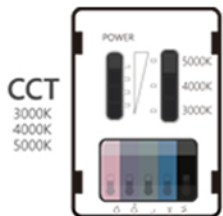

Dimensions

- 51"L x 4.25"W x 3"H
- Designed for surface, chain or double stem mounting

90 Minute battery option

Fully selectable

Motion sensor option
